Re: MOD 049574692

Dear Ms. Schneider:

Las year we registered with your office although we believed Bulk was not intended to be covered under the intent of the act.

While we do transfer bulk materials, any spillage would be minor and usually salvaged. In rare cases where salvage is not feasible, it would be disposed of properly.

For these reasons, I believe we do not qualify for inclusion and request that our location be deleted from your files.

Very truly yours,

K. G. Helfrich
